TODD MOSBY ME & MY GUITARS

Description: Mosby uses acoustic guitar and Imrat guitar along with occasional loop technology to whisk listeners away to a borderless realm where jazz, North Indian, composition and American folk-rock create transformative experiences. His music is a gorgeous scrapbook of the visual, emotive, spiritual essence surrounding the places he has lived and the people he encountered. Mosby is the only guitarist to enter of the famed Imdhad Khani gharana, India's oldest, most prestigious family of sitar musicians.

INSTRUMENTS: vocals, acoustic guitar, Imrat guitar, looper, drum machine

FEATURING: Earl Scruggs banjo style virtuoso guitar strumming, beautiful ballads swimming in sonority, re-imagined early American folk songs like Shenandoah and Oh Susanna into a musical masterpiece of lush color and sound with the Imrat guitar.

OUTREACH: Available at all levels.

Mosby delivers contemporary acoustic guitar with virtuoso flair leaving audiences with a concert experience remembered years later. A founding member of Will Ackerman's Four Guitars, Mosby represented what Ackerman deemed as leaders in the field of contemporary acoustic guitar.
